How can this continue to be happening?

The rumor here is that there are people within the Public Service Commission who are being compensated by the Utilities, Inc. company NOT to fix this.....

Is that true?

Please respond with your IMMEDIATE action plan. We need for the PSC to hold a meeting here, immediately, and work as a partner with our community to fix this horrible, ongoing, nasty problem.

When can this take place?

Sincerely,

Pamela Gibbes Smith
